Conference Programme

Wednesday 6th February 2013

Plenary Session

Room: Crombie Suite

- 09:00 **Welcome**
Neil Gordon, CEO, Subsea UK
- 09:15 **Mark Richardson**, Projects Group Manager, Apache North Sea
- 09:35 **Neil Saunders**, Subsea Systems Products & Projects, GE Oil & Gas
- 09:55 **Roddy James**, Stork Technical Services
- 10:15 **Anna Karra**, Market Consultant, Infield Systems
- 10:40 **Coffee**

Integrity Management Session

Room: Gordon A

Chair: Bill Edgar, Chairman, Subsea UK

- 11:15 **Subsea 7 - Subsea Conditioning Monitoring**
Dr Gordon Drummond, Integrity Manager
- 11:35 **Intermoor & Pulse Structural Monitoring - Mooring Line Integrity Monitoring**
Mark Prentice, Product Development Manager
- 12:00 **GE Oil & Gas - Non-Destructive Stress Measurement of Flexible Risers**
Geoff Eckold, Director MAPS Technology
- 12:20 **ClampOn - Non-Intrusive Acoustic Subsea Corrosion-Erosion Monitoring**
Kjetil Nysater, Area Sales Manager
- 12:40 **Bowtech Products - Asset Integrity and Inspection Systems**
Mike Winstanley, Sales Director
- 12:55 **LUNCH**

Fields of the Future and Technology Session

Room: Gordon B

Chair: Patrick O'Brien, Group Director Strategic Business & Marketing, Wood Group Kenny

- 11:15 **Subsea 7 - Technology Perspective**
John Mair, Technology Development Director
- 11:35 **Framo UK (A Schlumberger company) - Enhance your Recovery**
Tony Laing, Regional Manager
- 12:00 **Badger Explorer ASA - Game Changing Subsea Exploration Technology**
David Blacklaw, President & CEO
- 12:20 **Transvac Systems - Application of Ejector Technology in Subsea Fields of the Future**
David Hoon, Technical Director
- 12:40 **Cranfield University - Subsea Technology Development, an Increased Systems Functionality Embracing Obsolescence Management**
Nimi Abili, Senior Subsea Systems Engineer
- 12:55 **LUNCH**

Global Markets - Renewables Session

Room: 18

Chair: Geoff Fisher, Vice President – Marine Renewables and Cables Division, Technip Offshore Wind Limited

- 11:15 **Subsea 7 - Offshore Renewables Installation Challenges**
Alan MacLeay, Engineering Director Renewables
- 11:35 **Frazer-Nash Consultancy - Analysis and Optimisation of MeyGen Tidal Array**
Neil Adams
- 12:00 **Ecosse Subsea Systems - Time to Renew Cable Laying and Trenching Techniques**
Mike Wilson, Managing Director
- 12:20 **J + S - Subsea Cable Connections in the Renewable Industry**
Chris Napier, General Manager Marine Renewables
- 12:40 **Applied Acoustic Engineering - Meeting the Challenges of Shallow Water Positioning**
Julian Rickards, Technical Sales Advisor
- 12:55 **LUNCH**

Inspection / Monitoring Session

Room: Gordon A

Chair: Dr Geoff Lyons, Principal Director, BPP-TECH

- 14:05 **Calidus Engineering - Advances in HPHT Subsea Applications**
Brian Green, Managing Director
- 14:25 **GE Naxys - Subsea Condition Monitoring**
Stian Bentsen, Business Development Manager
- 14:45 **Fugro Subsea Services - New Approach to ROV Pilot Training**
Simon Marr, Robotic Technologies Business Development Manager
- 15:05 **VideoRay LLC and SeeByte - Autonomous Mini ROV Planning and Control**
Chris Gibson, VP Sales and Marketing, VideoRay
& Ioseba Tena, Sales Manager, SeeByte
- 15:25 **Forum Subsea Technologies - Effective use of Digital Video for Subsea IRM**
Bill Parker-Jervis, Technical Manager, VisualSoft

Technology Session

Room: Gordon B

Chair: Andrew Hodgson, CEO, SMD

- 14:05 **T.D. Williamson Offshore - Remote Control Advances of Subsea Hot Tapping**
George Lim, Business Development Manager
- 14:20 **A Low Risk, Low Cost Method for the Installation of Subsea Structures**
David Paul, Engineering Manager
- 14:35 **Ecosse Subsea Systems - Game Changing Pipelay Technology**
Mike Wilson, Managing Director
- 14:50 **MSI Kenny - Integrated Modelling of Complex Gas-Condensate Networks**
Elliott Dudley, Senior Consultant
- 15:05 **Subsea Riser Products - Using Riser Technology in a Mooring Connector**
John Shield, Managing Director
- 15:20 **Viking SeaTech - Positioned for Innovation**
Duncan Cuthill, Head of Marine and Engineering Integrity
